

MANAN SHAH

Birth Date: 15/08/1988

E-mail & Skype: mananshah_52@yahoo.co.in

Contact No: +974 30973372 / +91 9673310058

Address: Najam, Doha, Qatar

I would presently introduce me as a **Java Specialist** with **Mannai Corporation (Qatar)**. For the last 5+ years I have worked on Telecom, Financial and Education Domain, emphasizing on Java/JEE platform as my key skill set and area of expertise. Though my role defines me as a Java Analyst Developer, I have also skilled in Spring, Hibernate, JPA, OSB, SOA, Web Services, JSP, Servlets, XML, Oracle, SQL & PL/SQL, Agile(Scrum), RUP and Waterfall model.

During the course of my working day I use various design patterns and industry standard frameworks / tools to write clean code and solve complex technical requirements. I think myself as a self-starter with clear understanding of the business needs with radical & tactical problem solving approach. My aim is to pursue a challenging career in an environment where technical competency is valued and where I can contribute in the growth of company along with my own growth in terms of enhancing my knowledge and skills.

Overseas Well-versed

Experience as a **Java Specialist** at **Qatar Foundation** in **Qatar** since Feb 2015 (On-going)

1+ years of experience as an **Onsite Analyst** in **Belgium** with client '**Telenet**'

Technical Proficiency

Major Skills:

JAVA /JEE, OSB, Spring, Hibernate/JPA, Web Service, XML, JAXB, SQL, PL/SQL, RDBMS, Oracle, JDBC, Junit

Languages and Frameworks

Minor Skills:

JSP, Servlets, JSF, JSTL, EJB, JMS, HTML, BPEL, XSD, XSLT, XQuery, XPath, XForms, JavaScript, CSS, PHP, Groovy, C++

Tools / Applications

Eclipse (Kepler), Eclipse (OEPE), NetBeans, IntelliJ, Maven, ANT, Junit, Mockito, Weblogic 11g, OSB 11g, BPM Worklist, Apache Tomcat, Hudson, Jenkins, Selenium, Atlassian products (JIRA, Bamboo, Confluence, Crucible, GreenHopper, etc.), CVS, SVN, GIT, Sonar, PL/SQL Developer, Amdocs EPC, Soap -UI, JDeveloper, Lotus Notes, Putty, WinSCP, HP ALM, HPSM, Webex, OpenText, Adobe Dreamweaver, Adobe Photoshop, Firefox, Internet Explorer, Chrome

Architectures

Service Oriented Architecture (SOA), 3-tier Architecture, Model-View-Controller (MVC), Enterprise Java Beans (EJBs)

Methodologies / Best Practices

Agile, Scrum, Kanban, ScrumBan, RUP, Waterfall model, UML, OOP, Design Patterns

Certification and Education

I am **Oracle Certified Java Programmer** for Java Platform for Standard edition 6.0 since 2012.

Academically I have attained a Bachelor degree in Computer Science from Maharaja SayajiRao University of Baroda, India in 2010.

Professional History

Java Specialist

Feb 2015 – Present

Mannai InfoTech
Doha, Qatar

Client: Qatar Foundation

Project Name: PowerUniversity

Team Size: 8

Environment: JAVA, JSP/Servlets, JSF, HTML, XML, JavaScript, EJB 3.0, SQL, PL/SQL, Spring, Hibernate/JPA, Web Services, Junit, Mockito, RUP

Description: Qatar Foundation is a non-profit organization in Qatar. The organization focuses on education, science & research and community development. PowerUniversity is LMS (Learning Management System) which is used to set up university data, enroll staff/students, scheduling classes/ professors, generate reports, develop grading system, etc.
